10. 5. 2007 - RIPE-54 - Tallinn

ENUM launch

- Testing phase started - September 2006
- Commercial phase started - January 2007
- 2500 domains registered
- About 550.000 phone numbers
- Fast growing – good price (1 CZK = 0,04 EUR)
- Currently 4 operators support ENUM query
- VoIP operators offer registration for customers

New registration system - FRED

- **Free Registry for ENUM and Domains**
- **Opensource - General Public License**
- **Any domain / any level**
- **Distributed management (registry → registrars → registrants)**
- **Used for ENUM, .cz is planned 10/2007**
- **Cooperation with young registries on implementation**
- **LiveCD**
- **<http://fred.nic.cz>**

Thank you
